

Strategy& Consulting Career Opportunities in the Middle East

Strategy& is a global team of practical strategists committed to helping you seize essential advantage.

We do that by working alongside you to solve your toughest problems and helping you capture your greatest opportunities. These are complex and high-stakes undertakings—often game-changing transformations. We bring 100 years of strategy consulting experience and the unrivaled industry and functional capabilities of the PwC network to the task. Whether you're charting your corporate strategy, transforming a function or business unit, or building critical capabilities, we'll help you create the value you're looking for with speed, confidence, and impact.

Strategy& (formerly Booz & Company) has been active in the Middle East since the 1970s. In 1993, we were the first global general management consulting firm to open offices in the Middle East - starting with our office in Abu Dhabi, later followed by Beirut, Riyadh, Dubai, Cairo and Doha.

We are a member of the PwC network of firms in 157 countries with more than 223,000 people committed to delivering quality in assurance, tax, and advisory services. Tell us what matters to you and find out more by visiting us at strategyand.pwc.com.

Examples of client work in the Middle East include:

- Designing the operating model and governance framework of an oil and gas holding company
- Assisting the ministry of finance in developing a research report on globally practiced railway tariffs on mineral, bulk freight and passenger services
- Executing the sales turnaround strategy of a major telecommunications company including footprint optimizations and customer experience management
- Assisting a leading regional manufacturer, marketer and distributor of FMCG products in developing a multi-year strategic business planning framework

Qualification

Gather, organize and manage data. Perform data analysis and synthesize findings. Prepare and conduct client interviews. Contribute to building models and presentations. Effectively communicate orally and in writing. Support team members in developing frameworks and approaches. Staffing can be all over the Middle East, with weekly trips between client sites and the home base.

Successful candidates typically have the following qualifications:

- Potential graduates from the **Class of 2018 with an average of 14.0/20 and above preferred, but in case of strong extracurricular achievements, an average of 13.5/20 and above will be considered.** We will consider candidates, in cases where performance in one area is uncharacteristically low and clearly offset by exceptional performance in others.
- **Bachelor's/Master's degree in Engineering or Economics**
- Other major achievements (e.g. leadership roles in extracurricular activities)
- Strong communication and interpersonal skills, proven leadership and team experiences. Excellence in personal achievements (e.g., social organizations, personal endeavors, sports)
- **Fluency in English is a basic requirement.** Fluency in Arabic is a plus.
